

EUROTHERM SEMINAR No. 98

Concentrating Solar Energy Systems

4-5 July 2013

Vienna University of Technology, Austria

Scientific scope

This two day seminar aims to be an expert platform to exchange, discuss, disseminate and evolve scientific knowledge in the field of concentrating solar energy conversion systems. It will present the state of technology in this area as well as new development trends and research topics. The seminar is a small scale conference with room for discussion between the attendants from academia, industry and politics.

Main topics include

- Dish systems
- Tower systems
- Parabolic trough systems
- Fresnel systems
- Cylindrical reflector systems
- Concentration systems for offshore applications
- Concentrated photovoltaic
- Thermodynamic and heat transfer processes
- Solar-Chemistry
- Solar-Electrochemistry
- Storage systems for thermal energy

Location

*Technische Universität Wien
Hauptgebäude –
Vienna University of Technology
Festival Hall
Main Building, Stairway 1, 1st Floor
Karlsplatz 13
1040 Vienna, Austria*

Format of the seminar

Plenary lectures given by keynote speakers followed by sessions including invited and contributed presentations. Selection of contributed oral and poster presentations have been made by the scientific committee based on the review of an extended abstract. The sequence is designed to provide a forum for the exchange of ideas between theorists, experimentalists, and practitioners, working in the field of solar energy utilization. English will be the official language of the seminar and of all provided material. The presentations of the keynote speakers as well as the extended abstracts of the contributions will be provided at a data stick.

Call for registration

Registration information is found on the seminar's website <http://eurotherm98.conf.tuwien.ac.at>.
Dead line for the final submission of the contribution: 31th May 2013

Chairs

Karl PONWEISER
(Vienna University of Technology, Austria)
Stephan KABELAC
(Leibniz University Hannover, Germany)

Seminar fee

	Till April 30 th 2013	After April 30 th 2013
Industrial (incl. dinner)	EUR 250,-	EUR 325,-
Academic (incl. dinner)	EUR 180,-	EUR 235,-
Students*	EUR 90,-	EUR 90,-
Dinner**	EUR 50,-	EUR 50,-

* Students have to show a valid student card at the registration desk.

** Dinner for students and accompanying persons
